Check yesterday's post for an in depth look at this glorious case.

Time for the SPECS! And yeah this one is a total machine. For the first time on the channel we got our hands on the brand new @aorus_uk AORUS MASTER X870E ICE X3D motherboard, with upto 25% gains using @amd X3D processors!

Speaking of which, we threw the @amd Ryzen 7 9800X3D in there and along side that we installed 32gb of DDR5 from @kingbankofficial (new channel partner) and also the awesome @seagategaming FIRECUDA 530R NVMe M.2.

And there's that stunning graphics card. The crown jewel of my
